

# Oncology Policy Summit

## Primary Care and Oncology Collaboration for Better Patient Outcomes

**Tuesday, May 6, 2025 | The National Press Club | Washington, D.C.**

The Summit will focus on opportunities to strengthen coordination between primary care and oncology care providers. Please join us as we discuss critical junctures in a cancer patient's care continuum. Topics include:

- The challenges of fragmented care and its impact on patients' longevity and quality of life
- The current policy challenges and opportunities to improve care collaboration at the state and federal level
- Best practices and innovative partnerships to ease care transitions and outcomes
- The impact of payment and reimbursement models

### **NEW!** Interactive Roundtable Discussion

Attendees and experts can exchange ideas about topics explored throughout the summit.
